### **World Health Day**

In keeping with the guidance of World Health Organisation, NCJPS celebrated The World Health Day on 7<sup>th</sup> April 2022. With the theme of this year being “Our planet, our health” various activities and events were organised for the students. The focus of the events was on “Healthier tomorrow” while being vigilant about well being, equity and sustainable development which can save many lives.

The students of classes VI-VIII showcased their creativity and engaged themselves in poster making, collage making and jingle making events. Keeping the spirits high, the students of class IX, X and XII exhibited their potential by writing slogans on the environmental factors and sustainable development to draw attention towards the healthy future.

Mrs. Divya Joshi, TGT Science, delivered a talk on the urgent actions needed to keep humans and the planet healthy. Class Bulletin Boards were decorated and updated on integrated theme of Happiness and Good health to promote mental and physical well being.

The young minds pledged and committed to give to their bodies the love, attention, care and food it deserves.
