From the Editor's Pen....

"Care for your psyche...know thyself, for once we know ourselves, we learn how to care for ourselves and the world around us..."

In the wake of technology and virtual connections, we have put limits on what the mind can achieve and how we can create a unique reality. We have our emotional resources -thoughts, attitude and mindfulness to develop wisdom and empowerment. To live a life of our dreams, we must chase our goals with single-minded devotion, surmounting crushing defeats and negative apprehensions which would seem small and insignificant once we achieve success. "The ultimate breakthrough happens by conditioning the mind every single day...." Channelize your energies into exploring possibilities of expansion in the most trivial events. As you seek opportunity in every little thing, gradually it becomes a mental skill and an art over the time. Heightened awareness, energy and ingenuity emerge from breaking down our mental barriers, honouring who we are and igniting the power within. This issue of the magazine is an attempt to trace students' participation in events and activities that positively influenced the school climate, contributed to achievements at individual and collective level and restructured the 'traditional commodity of education' i.e. knowledge into learning.

Enjoy the Reading!!!

THE MATRIX OF THE MIND...

CONSERVING OUR EARTH

Our mother earth should be conserved!

Her trees should be preserved,
Her land should be reserved,
Her atmosphere should be clean,
Her soil should be green.

Our mother earth should be conserved!

Her rivers should not dry,
Her animals should not die,
Her butterflies should be beautiful,
Her birds should be plentiful.

Our mother earth should be conserved!

Her mountains should be graceful,
Her flowers should be colorful,
Her clouds should be full of water,
Her children should be full of laughter.

Our mother earth should be conserved.

MOTHER

A Mother is a mother,
We can't compare her with others;
She takes care of us,
She cooks food for us,
Everything you will get again in your life,
But you will never get mother again in your life!

So listen to your mother and make her realize
that you love her...

O SOLDIER, I SALUTE YOU....!!!!

When life stands still,
And everyone is resting at night,
You stand there on the border,
Without any complaint or fright.

With family and friends,
When we celebrate festivals,
There, you fight on the border,
Day and night, without intervals.

I love you for your bravery,
And I cheer in appreciation,
I praise you for your courage,
And salute you for your dedication.

O Soldier, I feel proud of you,
One day, I will be there with you,
I dream of becoming a soldier too,
I wish to be just like you.

O Soldier! I bow before you,
O great Son of India I love you,
O my Hero, I salute you!!
O Soldier! I salute you!!

RAP SONG

Hi one, Hi All!
Welcome to my rap,
U can all join me and clap, clap, clap!
We learn on Zoom and Offline too,
We enjoy both,
There are stories and music too!
Prayer and pledge to start our day right,
Exercise each morning to make us bright,
It's fun to learn with activities each day,
Studying, reading and playing away,
It's fun to be online
And school is cool too;
So let's enjoy both,
online and offline too!
I love my teacher and the stories she tells,
I wait to meet all my friends and end the day with
school bells!
ting ting ting!!!
So that's my rap
And now u can all clap, clap, clap!

A SCIENTIST

I want to be a scientist,
Observing the earth and the sky.
I want to see new things,
Wondering how and why.
I want to make some inventions,
Thinking why and when.
I want to do exciting experiments,
To test my knowledge again and again.
I will write all my data,
Looking at pictures, charts and words.
I want to see what I have done,
Drawing conclusions from what I have learnt.
Wondering, thinking, testing, concluding,
This is what scientists do.
If you want to be a scientist,
Then you must do it too!

HAPPY ENVIRONMENT

Plant a tree, plant a tree,
Make the earth beautiful.
Don't destroy me, you will get hurt,
I give you everything.
Plant a tree, plant a tree,
Make the earth beautiful.

Before you lose me forever.
Plant a tree, plant a tree,
Make the earth beautiful.

OUR SCHOOL IN FUTURE

Our school in the future
Will be very cool,
To make our careers,
It will be the best tool.
So dear teachers,
We will be chubby cheeks at play.
New books, new pencils,
New erasers will we hold.
Everything would be on laptops,
And we will be children smart and bold.

NATURE

Everything is nature,
What a beautiful feature.
Mountains are very high,
Birds fly in the sky.
Nature is full of joy,
Don't play with it like a toy.
Nature! Nature! Nature!
You are very beautiful.
Nature is beautiful at night and day,
It is pleasure wherever we stay
Nature is like gold,
Very precious as being told.
Handle it with care,
Be gentle and be fair.

WATER

Let's resolve to save water
As we need it in every sphere & quarter,

Each food is cooked with it, be it boiled or fried,
Let's save water before all reservoirs get empty & dried.

No way we can live without it, so keep it free from pollution,
There are thousands of problems, but water is one single solution.

Safe and clean water is everyone's fundamental right,
Keep saving water so that our present & future remain safe & bright.

BEAUTIFUL SCENERY

Everyday I go to park,
And come back before it's dark.
Some people come for jog,
And sometimes they bring their dog.
When I take my swings,
I feel that I have wings.
There is so much greenery,
What a beautiful scenery.

MY FAVOURITE BOOK

A book is a good source of information and reading a book is really a good habit. One should read a book every day to increase one's wisdom and knowledge. Apart from that, books help us to increase our vocabulary and knowledge. I have read many books. My favourite story is - The Little Red Hen. It is a classic tale with an important moral. It tells the tale of a hard-working hen and some lazy farm animals. Through these animals, the story teaches lessons about working hard, helping others, staying active, and the importance of earning. Catchy illustrations make it even more interesting to read. The book enhances my imagination and takes me to a dreamworld of farm and farm animals. I love reading storybooks and wish to explore many more.

A Leader is You

A leader is you, a leader is kind,
A leader is someone who leads from behind.
A leader is you, a leader is wise,
A leader is someone we do not despise.
A leader is you, a leader is great,
A leader is someone we appreciate.
A leader is you, a leader is fun,
A leader is someone who toils under the sun.
A leader is you, a leader is nice,
A leader is someone who gives good advice.
A leader is you, a leader is me,
A leader is someone who we can believe,
A leader is you, a leader is me,
A leader is someone who anyone can be.

PHASING OUT SINGLE USE PLASTIC

As Roz Savage said, "It cannot be right to produce billions of objects that are used in a matter of minutes and then are with us for centuries."

Single use plastic is one of the most prevalent causes of pollution including environmental as well as water pollution. It has a devastating impact on oceans, sea animals and hydrophytes. We produce millions of tons of plastic every year which includes plastic bags, polythene, straws etc. These single use plastics are used only once most of the time and then are thrown away. Therefore, ban on single use plastic is very important. Governments from all over the world including India has started campaigns to stop the use of single use plastic and promote the use of environment friendly paper bags and straws.

Animals consume the dumped plastic waste in the water bodies and end up becoming injured or dying. The production of single use plastic bags and other plastic items releases toxic chemicals. Smoke released from burning of single use plastic can cause serious diseases like heart failure and aggravates respiratory ailments such as asthma and emphysema. It also causes nausea and headaches and damages the nervous system. Plastic also goes in landfill where it gets buried and enters the soil, however they don't decompose instead they remain in the soil for centuries releasing toxic chemicals and ruins the soil.

Single use plastics are deteriorating our environment and ecology in every possible way. It is therefore our responsibility towards all living creatures to enable them to live a healthy and prosperous life by putting a ban on the single use plastic.

Dyslexia- A Gift

There are various ways of defining dyslexia. Some definitions are used in research, others in medical diagnosis, others in civil rights law, and still others in educational evaluations or intervention plans. Despite the differences in wording or emphasis, they are the same at heart. Understanding models of reading and sight words helps put dyslexia, whatever definition you use, in perspective.

As a way to demystify dyslexia, Hugh Catt suggests that a basic definition of dyslexia is unexpected trouble recognizing words while reading, focusing on measurable skills rather than underlying causes. Dyslexia affects 80% of all those classified as learning disabled. Researchers have been trying to find the neurobiological basis of dyslexia since the condition was first identified in 1881.

Some may consider dyslexia a setback but if we look into it properly instead of a setback, it can be considered a gift. Dyslexia provides a person with a unique perspective that allows an individual to survey the world in a way that us normal people are unable to. This perspective enables them to reach great heights. Don't believe me? Just take a look at these names, you must have heard of them as they are the personalities said to have forged the fundamentals of the modern world: Albert Einstein, Nikola Tesla, Michael Faraday, Stephen Hawking, Steve Jobs, Robin Williams, Henry Ford, Da Vinci, Newton, Walt Disney, Thomas Edison, Picasso, John Lennon, Winston Churchill, Alexander Bell, Thomas Jefferson, John F Kennedy, Woodrow Wilson, George Washington, the Wright Brothers, Mohammed Ali and many more. They struggled at school. Yes, they did not get A's or 10 out of 10, and yet they became a genius in their field.

About 10% of the world's population suffers from dyslexia. In a study, the Cass Base Business school in the UK showed that dyslexic people are five times more likely to be innovators compared to non-dyslexic people and this is why dyslexia rather than a disability can be considered a gift. But, the key to use this gift and not just having it is to know you have a gift and not worry about not doing so well at school. Rather, concentrate on doing things you excel at and love.

Let's change our perspectives and do our best for the betterment of the world-For humanity.

Social Media Detox- A Pressing Priority

Living in the 21st century, where the technology has become a universal safety blanket, it becomes very important for us to understand peripheral part of this technology. One such part is social media. Social media has created barriers among people, it causes teenagers, adults and children to develop a habit of checking their phones, Twitter, Facebook, etc rather than having a conversation with the people around them. Yes, we may have a million friends on Facebook, we may have 1000 followers on Twitter but how will they ever help us even if they wish to?

In today's world, mobile has become more than just a device, it has become our life, a device that we desperately cling to! Social media can also have an abysmal effect on our mental health. Just as in sports, the highlight reel is a collection of the best and brightest moment, Social media is our personal highlight reel. It is where we put our wins, our achievements and what will look great. But unconsciously and unknowingly we also develop insecurities. We compare our real life with everyone else's reel life and this is what gives rise to stress, depression and anxiety. Rightly said :-

Social media -Anti social folks-Connected with the world-Disconnected with our souls....

It's not necessary to give up on social media entirely. However, it's important to have strategies for setting limits such as :-Go on a social media cleanse; Delete apps or just disable notifications; Set limits and stick to them; Find hobbies out of social media and dedicate time to them; Limit your screen time. Last but not the least, check it with friends and family offline. When in doubt.

DON'T GIVE UP

It's never easy to forget
past failures and heartaches
It's never simple to bury
the unrealized ambitions.
You can't go back
and create a new beginning.
So move forward
and make a new ending.
Dwelling on the past,
Regretting inglorious last,
Always brings frustration and
Distorts our emotions.
Have a heart full of love
and hatred free mind,
A sense of optimism,
desire and action combined.
Fight your doubts away
Always make your own way.
Do no harm and be fair
Never give up in despair.

EMBRACING IT ALL

If the sorrows hit me down,
If the rains batter my heart and let me drown,
If I am lost in an unknown town,
I shall walk on my chosen path embracing it all,
With a soft smile on my face,
Slowly and steadily I will win the race,
'cause I shall pace forth embracing it all,
Giving hope and joy a clarion call,
For a bright and glorious tomorrow,
With a soft smile and all the grace,
A confident walk and confident words,
I shall tread the paths with no swerves,
Embracing it all.

Nature

Nature has everything in plenty
But you must use it correctly.

The energy of sunlight
Can heat up to any height.

The wind power
Can cause movement even in a tower.

The waves of the sea
Will take you anywhere you want to be.

The fruits of the garden
Will fill your lots of carton.

The fragrance of the flowers
Will give you inner power.

The songs of the bird
Will make you feel out of the world.

The medicines from the mountain
Will let you forget your pain.

So, explore it with great care,
Remember, for all these you don't have
to pay any fare.

Dear Teachers

Starting of the day, ending of the morning,
In this time period, we get a lot of warning.
Here to there no-one cares,
But we gather on them just like crowds of fairs
We think solving everyone's doubt isn't a big deal,
But the real pain only teachers feel.
They teach us and we pay interest
But in examination we break their trust.
Hindi, English, EVS, Maths
Oh! My God
Their hardwork makes me off my hat
Being a teacher isn't so easy
We make them feel so crazy
They wait for their day
We gave them fake love
God saw this and made us wear mask & glove
We have a second Chance, Let's celebrate
Teachers' Day,
And prove our teachers that we are on a positive
way.
No one can compare you in spirit
Service and Gratitude, in you, are implicit
I will say these words
'I Adore you', with all my regards.

You are witty
And A mocker everytime
An omniscient together so gritty
You're not a dime.
Friend, you're goofy
Sometimes aloofie
Try to be groovy
O you are my Uzi
Plentiful in gossip n newsy
You are so loving
With all your larping
It's always baller
Girl, you are the shine
And slacker sometime
Always the kind
But I would like to advise
Let it go behind
The whole purpose is
I am the one here,
You are my rock
This isn't an epilogue,
Together we'll alw's crock!!

NEVER GIVE UP

We humans are born with equal abilities to see, to hold, to hear and to feel but what is it which differentiates successful people and unsuccessful people.

Most of us term their success as their luck but is it true? The answer is no. No one achieves one's goals in first try.

Let's take the example of richest persons of the world like Bill Gates, Steve Jobs, Gautam Adani, Mukesh Ambani, Ratan Tata. They all had dreams of becoming rich like we all do. But what is the difference between them and us. It is determination, passion, motive to succeed and the attitude of never giving up.

They all have put the EFFORT. The effort is the way to success.

- EFFORT is like feathers of wings, without which you cannot fly.
- EFFORT is like engine of the train, without which you cannot move.
- EFFORT is like Sun without which you don't have a light.

Regrets can't change our past, anxiety can't change our future but effort can change them both. Our desires don't have an end.

Dr. APJ Abdul Kalam said "Dream is not what you see in sleep, dream is the thing which does not let you sleep".

We all can achieve what we dream of, what we desire for. The only thing needed for this is the effort and not getting sad with our failures. And live for our dreams and fulfill them...

NEVER EVER GIVE UP
Success will be ours

LE BUT DE LA VIE

Peux tu te demander un jour .
Quel but dans la vie tu poses?
Un homme dérangé une fois est allé voir le saint lui demandant son but de la vie.
Ha ha ! le saint rit en écoutant cela
Il lui demande de revenir en arrière et de réfléchir .
Rentré l'homme à la maison mais rien il ne
pouvait penser .
Il a fini un autre jour dans la neige et retourné une fois de plus au saint .
Mais il n' a pas eu la réponse toute la journée
Donc c'est quoi le but de la vie mes amis?
Selon moi :**SOYEZ VOUS , SOYEZ HEUREUX !**

THE PURPOSE OF LIFE

Can you ask yourself one day. What goal in life do you have?
A disturbed man once went to the saint asking him about his purpose in life.
Haha! The saint laughs while listening to this He asks him to go back and think.
The man came back home but nothing he could think. And spent another day in the snow.
He returned once again to the saint. But didn't get the answer all day
So what is the purpose of life my friends?
According to me ,it's **BE YOURSELF, BE HAPPY!**

Se couche le soleil

Quelqu'un sourit,
Quelqu'un verse des larmes,
Quelqu'un est valeureux,
Quelqu'un a des peurs,
Quelqu'un est détesté,
Quelqu'un est cher.
Ainsi le soleil se couche,
Dans l'ouest,
avec un humour différent,
que les gens possèdent.

Quelqu'un a de la joie,
Tandis que quelqu'un désespère,
Quelqu'un néglige,
Quelqu'un s'en soucie.
Quelqu'un aime,
Alors que quelqu'un déteste,
Comme cela se couche le soleil,
Transformer les gens en individus.

Quelqu'un parle,
Quelqu'un est silencieux,
Quelqu'un a tort,
Quelqu'un a raison.
Quelqu'un est heureux,
Alors que quelqu'un déprimé.
Quelqu'un montre,
Quelqu'un met hors de vue.
Comme cela se couche le soleil,
Créer le bien et le mal,
Créer l'heureux le triste.

Sets the sun

Someone is smiling,
Someone's shedding tears,
Someone is valorous,
Someone has fears,
Someone is detest,
Someone is dear.
Like this the sun sets,
In the west,
with different humor,
that people possess.

Someone has joy,
Whereas someone despair,
Someone neglects,
Someone cares.
Someone loves,
Whereas someone hates,
Like this sets the sun,
Turning people into individuals.

Someone is talking,
Someone is quiet,
Someone is wrong,
Someone is right.
Someone is happy,
Whereas someone depressed.
Someone shows,
Someone puts out of sight.
Like this sets the sun,
Creating the good and the bad,
Creating the happy the sad.

कुछ सीखें आज

आओ बच्चों
सीखें आज
कुछ नया
ज्ञानकोश में
चलो करें इज़ाफा।

कुछ करना है काम हमें
करना नहीं आराम हमें।
उठो, बैठो, ताली बजाओ।
खाओ, पीयो, मौज मनाओ।
हँसना सीखो, गाना सीखो
पढ़ना, लिखना, कमाना सीखो।
नहीं करना हमें आराम
जग में करना हमें कुछ काम।
भागना, दौड़ना, चलना, फिरना, सोना,
जगना, सुबह नहाना।
नित्य नियम का कार्य करना
जीवन सुव्यवस्थित चलाना।
नित्य जो हम करते काम
उससे नहीं है हम अंजान
काम को ही कहते हैं क्रिया
भाषा की यह जान प्रिया।
इसके बिना हर वाक्य अधूरा
इससे ही होता कार्य पूरा।
इससे तुम कर लो पहचान
व्याकरण की है ये शान।

कुदरत और हम

बात आई आज कुदरत की,
जैसे मन में छवि हो बचपन की।
कुदरत का यह करिश्मा तो देखो,
जैसे ख्वाब अनेकों।

पर कुछ लोगों के घृणास्पद मन हैं,
जिनके गुण अच्छे नहीं।
देते पशुओं को विस्फोटक,
फिर भी जल रहा उनके हृदय का दीपक।

बचपन से देखी मैंने कुदरत और पशुओं की मैत्री,
हवा के झोंके, बारिश, वृक्षों की वाणी की मैं आभारी।
सुहाने मौसम में बजे मुरली तो मन होता है
आनंदित,
वैसे ही, जब बचपन में कोई हँसाता-खिलाता है,
दिल हो जाता है प्रमुदित।

आज़ादी

आज देखों फिर वो रात आ गयी,
होंटो पर आज़ादी की बात आ गयी,
किसी के लिए खुला आसमान है आज़ादी,
तो किसी के लिए अपना ये जहान है आज़ादी,
अपनी अपनी नजरों का एक नजरिया है आज़ादी,
सारी बंदिशो को तोड़कर जीने का ज़रिया है आज़ादी,
देखो नज़रो से तो बस नज़ारा है आज़ादी,
खुल कर जीने का सहारा है आज़ादी,
सपनों में जो देखा वे ख्वाब है आज़ादी,
दिल की धड़कने जो बढ़ा दे वो जज़्बात है आज़ादी।

मन पर लगाम

एक बार की बात है। एक सेठ था। उसे एक नौकर चाहिए था पर उसकी एक शर्त थी कि जो भी नौकर होगा वह कभी भी आराम नहीं करेगा। बहुत से नौकर आए लेकिन उन सबने मना कर दिया पर एक नौकर मान गया पर उसकी भी एक शर्त थी कि वह एक मिनट भी नहीं खाली बैठेगा, अगर सेठ काम नहीं देगा तो सेठ का घर और दुकान नौकर ले लेगा। सेठ बहुत खुश हुआ। सेठ काम देता गया नौकर करता गया। सेठ का काम खत्म हो गया। अब सेठ डर गया और दुकान से भाग गया। रास्ते में उसे एक महात्मा मिला। महात्मा ने पुछा:— पुत्र क्या हुआ तुम इतने घबरा क्यों हुए हैं? सेठ ने कहा:— एक नौकर को अपनी दुकान पर काम करने को कहा था, और मैंने उससे शर्त लगाई थी कि तुम काम करते वक्त रुकोगे नहीं। वह मान गया और उसकी भी एक शर्त थी कि अगर मेरा काम रुका और काम आपने नहीं दिया तो मैं आपका घर ले लूँगा। महात्मा ने कहा:— बस इतनी सी बात, मैं बताता हूँ अपनी दुकान के पास एक मलगम लगा दो और जब उसका काम खत्म हो जाएँ तो उसपे चढ़े और उतरे और यही करता रहें। सेठ खुश हुआ और वह दुकान पर भागा और उस नौकर के पास गया और कहा इस मलगम पर चढ़ो उतरों और यही बार—बार करें।

इस कहानी से हमें यह सीख मिलती है कि हमारा दिमाग एक नौकर है, हमारा दिल एक सेठ है, अगर हमारा काम खत्म हो जाता है तो हमें अपने मन को दूसरे कामों में व्यतीत करना चाहिए और हमें अपने मन को अच्छी बातों में लगाना चाहिए।

माता पिता

माता का सम्मान होना चाहिए
पिता का भी मान होना चाहिए
वही है हमारे सखा सहेली
चाहे हो जैसी भी घड़ी
सुलझाएँ दुख की हर पहेली।

माता का सम्मान होना चाहिए
पिता का भी मान होना चाहिए
अँगुली पकड़ चलना सिखाते
हर घड़ी में वे साथ निभाते
सहेली बनकर खेलते
तो कभी हाथ खिंचकर सही राह पर
लाते।

माता का सम्मान होना चाहिए
पिता का भी मान होना चाहिए
हर खुशी को पूरा करते
अपनी उम्र भी हमे लगाते
परवरिश में कसर न छोड़ते, वे तो हर
मुश्किल घड़ी में गले लगाते।
माता का सम्मान होना चाहिए
पिता का भी मान होना चाहिए
तभी तो अपने दिल में
माता पिता का सम्मान होना चाहिए।

आओ धरा बचाएँ

आओ हम सब मिलकर,
कुछ और पेड़ लगाएं,
इस धरा को कुछ और सुंदर बनाएँ
क्या तुम्हें,
कोयल की कूक सुहाती है?
मीठे आम से लदी टहनी अपने पास बुलाती है?
पेड़ों की छाव लुभाती है?
सौंधी मिट्टी की सुगंध बचपन की याद दिलाती है?
तो आओ हम सब मिलकर कुछ और पेड़ लगाएँ
इस धरा को कुछ और सुंदर बनाएँ।
क्यों ना हम, अपनी धरती माँ को प्लास्टिक से मुक्त
करें,
हरे भरे पेड़ों से युक्त करें,
पदार्थों का पुनर्चक्रण करें,
जल का पुनः उपयोग करें,
ऊर्जा का संरक्षण करें,
मृदा प्रदूषण और जल प्रदूषण को कम करें,
प्रातिक संपदा का संरक्षण करें और इस एकमात्र जीवन
युक्त ग्रह के रक्षक बने।
गर फिर नीला अंबर देखने को मन करता है,
रात की चांदनी में तारामंडल के लिए मन मचलता है,
तो आओ अपनी अंतरात्मा को जगाएँ,
अपनी जिम्मेदारियों को निभाएँ और इस धरा को फिर
से जीने योग्य बनाएँ।

सच्ची मित्रता

यह सत्य है हमसे जीवन में अनेक लोग मिलते रहते हैं, जिनमें से कुछ लोगों के प्रति हम आकर्षित होते हैं और वे भी हमारी तरफ आकर्षित होते हैं। फिर आकर लेती है: मित्रता का बंधन। ऐसे मित्रों से ही हम अपने दुखों को साझा करते हैं। सच्चे मित्र कठिनाइयों में हमारा साथ देते हैं, हमारा मार्गदर्शन करते हैं और बिना किसी स्वार्थ के हमारे लिए त्याग भी करते हैं। मित्रता संवेदनशीलता का मूर्त रूप है, अच्छे निश्ठावान मित्र विकट परिस्थिति में सदैव साथ रहते हैं। मित्रता ईश्वर का अनमोल उपहार है। चरित्रवान मित्र का मिलना बहुत कठिन है। यदि हमें ऐसा दुर्लभ खज़ाना मिल जाये तो उस मित्र को हमेशा अपने निकट रखिये। ऐसे मित्रों के साथ आप हमेशा सुरक्षित अनुभव करेंगे।

तले—भुने सब पेट के दुश्मन,
आँख खोल इन्हें पहचान।
